THAW'S LAWYERS GRIMLY JUBILANT

BULLETIN. Aug. 27.—The New York state forces and associated counsel fighting for the return of Harry K. Thaw to Matteawan announced early today that in their opinion the move of the defense to abandon the writ of habeas corpus could not be done without formal permission of the court and that in any event, Thaw would be forced into court even if the commitment on which he is held had to be quashed. The announcement was made by Franklin Kennedy, deputy attorney general, who returned from Ottawa and Montreal late last night. If the state forces can make good their threat, Thaw may be discharged today and turned over to the immigration authorities for deportation before night.

SHERBROOKE, Que., Aug. 26.—Harry K. Thaw's Canadian attorneys this evening withdrew the writ of habeas corpus obtained last week in his behalf and the fugitive from Matteawan will not be arraigned in the superior court tomorrow morning as had been expected. The withdrawal of the writ may prolong the proceedings indefinitely. There were rumors all day that the writ might be withdrawn but it was not until this evening that the notice was filed with the clerk of the court. At the same time a telegram was sent to Judge Arthur Gloabensky at Montreal, who granted the writ, that such was counsel's desire. He was due here tomorrow to hear arguments on the application.

The next movement in the Thaw case is now distinctly up to those desiring his deportation. Under the present commitment he might remain in the Sherbrooke jail indefinitely, electing to have a hearing before a district magistrate or demanding a jury trial before the king's bench, criminal side, which does not close until October. Briefly Thaw's lawyers have decided to let him pace his cell, meanwhile perfecting plans to defeat attempts to put him across the Canadian border.

Too Deep For Jerome. "It is beyond me," said William Travers Jerome, "the fine points of Canadian law involved are such that I would not feel justified in even guessing at the outcome. We hope to get him in the end but this tangle must be straightened out first."

District Attorney Conger of Dutchess county, New York, was equally puzzled and reticent. "If Mr. Jerome can't solve the muddle, certainly I can't," he said. Further to complicate matters counsel representing the state of New York are not sure that the commitment under which Thaw has chosen to remain in jail contains a charge of violating any of the Dominion's laws. It is that of being a fugitive from the Matteawan penitentiary where he was confined on a criminal charge for life.

Hector Verret, Kansas City, representing New York state, said tonight that he regarded the withdrawal of the writ on Thaw's behalf as tacit admission by his lawyers that the commitment was legal and did contain a charge on which Thaw could be brought into court. "Then we might get out another commitment charging some other offense," he added. "We could bring him into court on that, surely. There would still remain, however, Thaw's right to choose trial either at once or before the king's bench in October."

Sheriff Is Disgusted. Mr. Jerome and District Attorney Conger had been hoping that tomorrow would see the beginning of a fight prefacing a hearing before the immigration authorities and Thaw's probable deportation to Vermont. The news spread quickly through the hotel corridors. Sheriff Hornbeck of Dutchess county, who was particularly anxious to get home, expressed his great disgust.

Thaw's lawyers were grimly jubilant, they were pleased at the apparent enigma they have created for the opposition. Thaw himself could not be seen but that he was consulted was attested by the fact that his signature, with that of his attorney of record, W. L. Shurtleff, was signed to the application.

Mr. Jerome was asked if he had anything of particular interest to say to Americans with reference to the Thaw case.

"No, but I have something I'd like to say to the people of Canada," he exclaimed. "They seem to regard this man as a martyr. No one is persecuting him, no one wants him."

New York state is trying to get Thaw back, not because New York wants Thaw but because of the bad effect his freedom would have on the people. If Thaw were allowed to remain free everyone would say, "ha,

JAMES A. EMERY CALLS BUCHANAN A CROOK

MAKES CHARGES AGAINST REPRESENTATIVE BUCHANAN OF THIS STATE

Witness Claims N. A. M. Opposed His Election Because He Considered That Buchanan Had Sanctioned Violence of Iron Workers at Toledo.

WASHINGTON, Aug. 26.—Examination of James A. Emery, counsel for the National association of Manufacturers about the activity of agents of the association against Representative Buchanan of Illinois enlivened today's session of the senate lobby committee. Emery said he opposed Buchanan because he considered that the latter as president of the structural iron workers union, had sanctioned violence at Toledo which differed only in degree of the dynamiting of the Los Angeles Times Building.

"Well, the people of Chicago elected this bad man Buchanan didn't they?" suggested Senator Reed. "Yes and they elected Lorimer," replied the witness. "And Edward Limes one of your members, assisted to elect him."

"Did you ever assist in trying to defeat a crook?" asked Senator Reed. "Yes and this is a good illustration."

"You mean to characterize Buchanan as a crook?"

"I think that it is a good description."

Emery was questioned at length concerning his office accounts the investigators being particularly interested in one item varying from \$170, to \$350 a month "for clerical services."

The witness couldn't remember the details of this item but said he thought the money was spent in keeping up an automobile, for publicity and in political activities. He was told to bring the committee his cancelled checks to throw some light on the subject.

Cross-examination of Martin M. Mulhall before the house investigators by counsel for Representative McDermott of Illinois continued today and probably will not be concluded for several days.

McDermott himself and other witnesses will go on the stand to deny assertions of the former lobbyist.

ITALIAN MURDERED

Chicago, Aug. 26.—The body of an Italian found at Niles Center today was identified tonight as Carl Scherer, a blacksmith. Marshal John Howe expressed his belief that Scherer was beaten to death with a club. Howe lives only a few hundred yards from the shack where the body was found. His wife said she heard a man screaming for help from the direction of the shack last night.

the Thaw millions freed him. Already they are saying the Thaw millions got him out of Matteawan and generally we hear the remark, "A rich man can do anything but what chance has a poor man got?"

EFFORTS TO INCREASE LIMIT OF TAX FAILS

Attempts to Amend Proposed
Income Tax on Larger Incomes
Fail in the Senate

MUST ACT WITH CAUTION

Sen. Williams Insists Committee Has Been
Compelled to Go Cautiously in Inaugurating the New Form of Direct Taxation

MANY PARAGRAPHS TO BE DISPOSED OF

WASHINGTON, Aug. 26.—Attempts to increase the limit of the proposed income tax on the larger incomes failed in the senate today, when Senators Borah, Bristow and Cummings led an effort to amend the income tax section of the Democratic tariff bill.

Senator Borah offered an amendment increasing the graduated tax on larger incomes until it would have reached 5 per cent on those above \$100,000 a year. The Democrats aided by ten Republicans, defeated the amendment 47 to 17.

A more radical provision, with a maximum tax of 10 per cent on incomes of \$100,000 or more will be submitted by Senator Bristow when the debate is resumed tomorrow.

In the pending bill the rates of larger incomes are: One per cent on incomes from \$20,000 to \$50,000, 2 per cent, \$50,000 to \$100,000, and 3 per cent above \$100,000.

Senator Borah proposed the following "additional tax":

One per cent on incomes from \$10,000 to \$30,000; 2 per cent from \$30,000 to \$50,000; 3 per cent from \$50,000 to \$80,000; 4 per cent from \$80,000 to \$100,000, and 5 per cent above \$100,000.

Think Rich Men Would Escape.

The demand for increase of the tax on big incomes was accompanied by the declaration that men with large incomes would escape their just share of these taxes under the new bill.

"The man with the small income always pays his tax more completely," said Senator Borah, "than does the man with the larger income. It is much easier to find all of the \$5,000 incomes than to find all of the \$50,000 incomes. A tax of four or five per cent on the man with \$100,000 will not inconvenience him more than the 1 per cent will inconvenience the man with \$50,000."

Senator Williams insisted the committee had been compelled to go cautiously in inaugurating the new form of direct taxation.

Senator Root said the plan to tax the undivided "gains and profits" of all corporations or partnerships would be impossible of administration. He insisted these undivided profits were part of a stockholder's capital and not his income.

Senator Williams said this section would be gone over again in the committee in an effort to make its meaning more clear. It was devised, he said, to prevent evasions of the tax. When the senate adjourned tonight it had 100 or more of the paragraphs covering tariff rates still to dispose of.

MISS OLIVE SAXTON COMMITTS SUICIDE

SECRETARY OF U. OF I. DEAN DIES
OF ASPHYXIACTION

Made Careful Preparation For Her
Death—In Letter to Attorney Deceased Complained That Her Life
Had Been Unsatisfactory.

CHAMPAIGN, Ill., Aug. 26.—Miss Olive Saxton, for sixteen years secretary to Thomas A. Clark, dean of the University of Illinois, committed suicide in her room today. The first coroner's jury composed of women that ever served in this county returned a verdict that death had been caused by asphyxiation. Miss Saxton made careful preparation for her death before turning on the gas. All the cracks in the windows and door were carefully stuffed with cloth to prevent leakage and her body was not discovered until she had been dead some hours. She left a letter addressed to Champaign, Ill., her attorney here, providing for the disposal of her property and complaining that her life had been unsatisfactory and that she was ending it because of that only.

"There has been no scandal in my life," she wrote.

Miss Saxton was known about the university and to most of its graduates as O. S. During her years of service she had dictated all the little formal notes by which the students were summoned before the dean for discipline. These were all signed by her initials only and to have received a note from O. S. indicated in college slang that the person was to be subjected to college discipline.

Miss Saxton was about 40 years old and was popularly supposed to own considerable property here. She had one sister, Mrs. George Thompson of Chicago.

While searching one of the men for weapons another pulled his revolver and shot the constable twice, one bullet passing through his right lung. The three yeggsmen then disappeared in a corn field.

**JOSEPHINE SILWOOD ADMITS
THE CHARGES ARE BASELESS**

Publisher Because She Was Afraid to
Tell Her Family She Had Lost
Position.

Chicago, Aug. 26.—Josephine Silwood, a 17 year old department store clerk who caused the arrest of F. S. Mordant, publisher, on a charge of abduction tonight confessed to Charles DeWoody that the charges were baseless. She said the story she had told the police of being abducted, mistreated and forced to use morphine were falsehoods. She conceived the idea of making the charges, she said, after she had lost her position in a department store and because she did not dare confess to her family that she had proved incompetent to hold the position.

When Mordant's case came to trial last week it was dismissed for lack of evidence.

M'ADOO COMPLETES THE APPORTIONMENT

Total Amount Allotted to National
Banks of West and South
to Date Is \$46,500,000

ILLINOIS TO GET \$4,000,000

Of Total Amount \$24,700,000 Goes to
Fourteen Western States and \$21,800,000 to Thirteen Southern States

TO REMAIN ON DEPOSIT 4 OR 5 MONTHS

WASHINGTON, Aug. 26.—Secretary McAdoo announced today the apportionment as far as it had been completed of the \$50,000,000 to be deposited by the government in national banks of the west and south to facilitate the movement and marketing of crops. The total amount allotted to date is \$46,500,000, of which \$24,700,000 goes to banks in the fourteen western states and \$21,800,000 to the thirteen southern states and the District of Columbia.

The southern banks have asked that their share of the funds be deposited in August and September and those in the west want the money apportioned to them during September, October and November. The money will be allowed to remain on deposit on an average of four or five months. All of it is to be returned not later than next April, and Southern bankers, who get their money first, in December will begin turning it back into the treasury in monthly installments.

In a statement announcing the apportionment, Secretary McAdoo said:

The funds are deposited in the banks in the west and south at this time, because it is believed that there is a special demand for the money to assist in marketing of the crops which are now being harvested in these particular sections, but if it is shown that there is need for temporary use of funds for similar legitimate purposes, the government will be quite as ready to extend similar aid."

Many Factors Considered.

Many factors were taken into consideration in arriving at the apportionment of deposits in the west and south.

"Among these," the secretary said, "were the immediate needs of the localities as reported by the committees of the clearing houses in the conferences held with them in Washington, the capital of the different national banks and the character of business transacted by them."

In each depository city the government has chosen a special representative who will serve in conjunction with five to seven all commercial paper recommended as security for deposits and all paper before being accepted must be unanimously recommended by this committee. Following are the amounts allotted to some of the western states, the cities designated as depositories and a partial list of the government representatives:

Illinois—\$4,000,000; Chicago, J. V. Farwell.

Iowa—\$1,000,000; Des Moines, Sioux City, Martin J. Wade.

Missouri—\$5,000,000; Kansas City and St. Louis, E. O. Simmons.

KANKAKEE, Ill., Aug. 26.—Two persons were instantly killed and one seriously injured tonight when the big four "White City Flyer" due in Chicago at 8:15 o'clock struck a large touring car belonging to Jacob Rediger of Chenoa.

Mrs. Rediger and daughter were killed and a young son was seriously injured. The father and an older son who was driving the car, jumped and escaped injury. The accident occurred on the state line road, two and one half miles east of Sheldon. The train was running 70 miles an hour. The party enroute to Ohio, was driving upon the railroad tracks. Young Rediger is believed to have stalled his engine. He saw the train approaching and was endeavoring to get across in front of it. Passengers on the train were thrown into a panic as the gasoline tank of the automobile exploded when struck by the train throwing ribbons of fire into the coaches.

The automobile was carried considerable distance before the train could be brought to a stop and it quickly burned. Mrs. Rediger's body was burned to a crisp and the daughter's head was crushed. The younger son was buried under the burning machine and was rescued by train passengers.

**SIX MEN ARE CHOSEN TO
SIT ON CAMINETTI JURY**

Counsel Believes Jury Will Be
Completed Today and Case Submitted
to Jury Later Part of Next Week.

San Francisco, Aug. 26.—Six men have been chosen to sit on the jury that will try P. Drew Caminetti on the indictment charging him with violation of the Mann white slave act. Counsel believe the jury will be completed tomorrow.

Three of the jurors are men who were rejected at the trial of Maury I. Diggs, who was convicted last Wednesday on a similar charge. Four of them are men of wealth, one being Francis J. Carolan, society leader of Burlingame, and polo player and millionaire.

United States District Judge Van Fleet, who is sitting in the trial, said today he would devote as much time to the case as possible in order that it might go to the jury with little delay. It is believed the case will be submitted Thursday or Friday of next week.

Caminetti is being tried on four counts of an indictment which charges that he transported Marshal Warrington and Lela Newkirk, two Sacramento girls to Reno, Nev., on March 19, for immoral purposes.

WILSON TO ADDRESS CONGRESS TODAY

If Huerta Government Does Not
Withdraw Rejection of American
Note, Message Will Be Read

AGREES TO POSTPONEMENT

President Defers Reading of Message 24
Hours After Joint Request from Gamboa
and John Lind for A Postponement

JOINT SESSION MEETS AT ONE O'CLOCK

WASHINGTON, Aug. 26.—The dictatorial attitude of the Huerta government today gave administration officials hope that some concessions might be made to the American proposals for peace in Mexico, but indications pointed to a final ending of the negotiations tomorrow, when President Wilson is scheduled to read his message in both house of congress defining the policy which he thinks the United States should pursue toward its southern neighbor. A twenty-four postponement of the presentation of the message which was to have been read today was agreed to after a joint request from Frederico Gamboa, Mexican foreign minister and John Lind, President's Wilson's personal representative in Mexico. It followed repeated efforts on the part of the Huerta officials to have the reading of the document deferred indefinitely. Mr. Lind told the Mexican capital early today for Vera Cruz, however, with the understanding that the United States would announce its policy tomorrow unless the Huerta government receded. Mr. Lind had made certain supplementary suggestions to Senator Gamboa, the nature of which was not divulged, but administration officials declared these constituted no departure of the fundamentals of the American note. The original proposals were officially announced as follows:

1. Cessation of hostilities and a definite armistice.

2. An early and free election.

3. Huerta to bind himself not to be a candidate.

4. Agreement by all parties to abide by the results of the election.

Will Stop in Vera Cruz.

Mr. Lind informed Senator Gamboa that he would stop in Vera Cruz and could be reached there in case there should be any reply to his last suggestions. For several days Gamboa and Lind have been fencing, the former attempting to secure a new basis of negotiations and the latter steadily declaring that under no circumstances would the United States yield any of its points or agree to any considerable prolongation of the negotiations unless Huerta withdrew his note of reply to the American proposals.

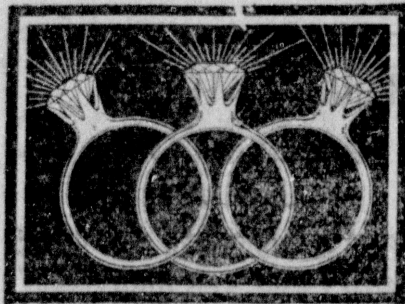

Officials disclaimed that Mr. Lind had gone to Vera Cruz to avoid any embarrassment in the Mexican capital following the publication there of President Wilson's message. It was said that Mr. Lind having practically concluded his mission, went to Vera Cruz chiefly to impress upon the Mexican administration that tomorrow noon was positively the last moment the United States would wait before proclaiming to the world the position it has taken toward the Huerta government and the course which it is ready to pursue for years if necessary to uphold the principles of orderly and constitutional government in Latin-America. Discussion here centered chiefly on the absence of any demand for the immediate retirement of Huerta, which had generally been supposed to be part of the American note. It was suggested by officials, however, that this government could not logically call upon Huerta to resign as long as he never recognized him as legally holding.

Could Not Hold Fair Election.

The Washington government's insistence that Huerta eliminate himself from the presidential race if an election is held is based upon his own promises contained in official reports that he would not be a candidate. It is not conceived by officials here that a fair election could be held in Mexico with Huerta in control of the electoral machinery and underlying the American proposals has been the intimation that the Mexican congress by its constitutional right should soon designate a provisional president to conduct a free election.

EAGLES TAKE SECOND GAME FROM CURRAN

SIMMS HAS BETTER OF PITCHERS' DUEL WITH GAESSLER.

Locals Get Only Earned Run of Game, All Others Coming by Virtue of Poor Fielding—Simms Tight in Pinches.

The Eagles won a second victory over Curran at Nichols park Tuesday afternoon by a score of 4 to 2. The game was a pitchers' battle between Simms and Gaessler. Simms gave one more hit than Gaessler, but the former was tight in the inches and kept runs from coming across the pan. The Eagles got the only earned run of the game, all the others coming over by virtue of poor fielding.

How the Runs Were Made.

Curran started off with a rush and it looked like they were going to reverse the score of a few weeks ago as Buck Simms was not working in the best of form, having pitched a hard game at Ashland on Sunday. After P. Poor had gone out, Clark to McCollister, Fisher singled to left field. Egan hit to Denny, who fumbled and both runners were safe. Fisher and Egan then engineered a double steal and both crossed the pan on Davis' single to right. That ended the scoring for Curran and only one man reached third in the remaining innings.

The Eagles evened it up in their half of the first. Arisman walked and went to third on McCollister's single between second and third. Gaessler let loose a wild pitch and Arisman scored and McCollister, who had stolen second went to third. He scored when R. Poor let Wheeler's grounder get between his legs.

One was added in the third on Simms' walk, a balk by Gaessler and Arisman's Texas leaguer back of second.

The last run came in the fifth. Arisman hit a two bagger down the left field foul line, stole third and scored on Denny's single to right center.

The score:

GIVE DELIGHTFUL ENTERTAINMENT FOR MISS ROGERSON

Thirty Guests Enjoy Hospitality of Misses Annie and Maude Clayton in Honor of Bride-to-Be.

In honor of Miss Catherine Rogerson, who, next month, is to be the bride of Dr. H. C. Woltman, a most cleverly planned party was given by Misses Annie and Maude Clayton at their home at 1249 West State street, Tuesday afternoon. The first event of the afternoon, a guessing contest, was in reality a search for Miss Rogerson herself. Each of the thirty guests brought one of her childhood pictures, which was numbered and displayed for the inspection of the others present. Six ladies were skillful enough not only to recognize Miss Rogerson from her photograph as a child, but to identify all of the portraits. They were Mrs. E. P. Brockhouse, Mrs. T. B. O'Connell, Miss Pearl Wylder, Mrs. Miller Weir, Mrs. Charles Cole, and Mrs. T. M. Tomlinson. Lots were cast and the lucky piece of white paper bearing the number "10" was drawn by Mrs. Weir. She received as a prize a bottle of perfume enclosed in a handsome case.

Mrs. Percy Capps and Miss Agnes Rogerson were the only guests who were able to recognize the 16-year-old Dr. Woltman. The violet ribbon clothes hanger as a reward for this search fell to the sister of the bride-to-be.

"Place me in your little grip and take me on your wedding trip," was the legend accompanying the silk umbrella, wrapped in white satin and tied with tulle, which was given Miss Rogerson as a guest prize. Dr. Woltman's guest prize was a silver napkin marker also wrapped in white satin and bearing the words, "Place me by your plate each day and I will with your napkin stay." A delicious two-course luncheon was served at the conclusion of the contests and each one present was given a white miniature bride's cake inscribed with the initials of the future bride and groom.

YATESVILLE.

The Court of Honor of Prentice, No. 403, had an all day picnic Aug. 20, in Adkins' grove, near Prentice. The day was fine and the dinner also, and a fine crowd and everyone seemed to have a fine time. Those from a distance were Mrs. Malone and Mrs. Ann Lewis of Jacksonville, Verna McDaniel of Peoria, Miss Helen Flinn of Bloomington, and Miss Effie Boston of Springfield.

The chicken fry at Berea Thursday night was a success. Large crowds from all directions came, notwithstanding the threatening weather. People began arriving at 4 o'clock and continued to come until a late hour. About \$400 was realized.

Clarence Yancy and family of Philadelphia visited Mr. Yancy's parents here Sunday.

Mrs. Oliver McDaniel and daughter, Olive, of Ashland spent a few days with Frankie McDaniel.

KENTUCKY DRILLS

The Kentucky force feed is a force feed in the strictest sense of the term, and it sows all seeds from flax to treated wheat, with unvarying accuracy. The range of quantities is very great and the operator is not obliged to sow a peck or a bushel every time a variation in quantity is desired. In fact, the Kentucky fluted force feed will enable the user to regulate the quantity to sow as low a fraction as a quart or pint. One slight movement of each indicator lever sets every feed on the drill. Call and take a look at them.

JACK JOHNSON WILL TEST PUBLIC OPINION IN LONDON

If People Want Negro Pugilist To Show He Will Fill His Engagements at Public Music Halls.

London, Aug. 26.—Jack Johnson, the negro pugilist, says that he is going to give the public music halls, where he is billed a two days test to find out if the public wants him to show. If they do he will fill his engagements.

He entered a box tonight at the Euston Theatre of varieties and was loudly cheered. Two performers who had taken a prominent stand against Johnson in the controversy that has been waged over his promised appearance were unable to finish their turns owing to demonstrations in his favor.

The Marquis of Queensberry, in a statement to the Daily Press, appeals for fair play for Johnson. He argues that there ought to be an unwritten law forbidding whites and blacks from getting into the ring together and a law for bedding marriages between whites and blacks, but in the absence of such laws he thinks it is useless to blame Johnson.

YANKEE ROBINSON'S CIRCUS WILL EXHIBIT HERE SOON.

Spring, then the bluebirds and robins, then the league opens, and the circus, and then the fun is all over, for circus day comes but once a year. The small boy often wonders why the mammoth tented institutions don't stay a week or more like the smaller tent shows, or why in the world the circus don't stay all summer like the picture shows. This would be nice, the small boy thinks, but the circus would fare badly.

A big tented city must keep on moving or fail to exist, for although a great many cannot be made to acknowledge it, the fact remains that the big circuses leave behind them about as much as they take away, combining what they spent directly and what the hundreds of attaches drop with the local merchants. The big show has to stop here today and there tomorrow, and so on, continuously hunting new pastures and never stops to rest.

The Yankee Robinson shows will visit this city and two performances are to be given, the afternoon show beginning at 2 o'clock and the night performance commencing promptly at 8 o'clock; doors open exactly an hour before each exhibition to allow visitors to inspect the menagerie and enjoy the concert by Prof. Theo. Stout's band of solo artists.

The street parade will leave the show grounds at 10 a. m., traversing the principal streets and returning to the show grounds, where, in the open air and absolutely free to all who care to see it, will be given a startling and sensational free exhibition.

The Yankee Robinson circus is opening its road season of 1913 in better shape in every particular than ever before. Every little thing about the show, from the tent stakes up, being brand new, easily giving the show just claim to the title of "the most modern circus in the world."

The program this year will be a marvel in itself, a revelation to the business and circus goers the country over. People know the Robinson show, know its qualities and its cleanliness and the organization which has been enlarged and perfected for the season of 1913 will be an even greater credit to that famous of all show names, "Robinson."

It will exhibit under waterproof canvas, affording ample protection and comfort in case of inclement weather, at the old Ball Park grounds, Monday September 1st.

AMATEUR WIRELESS OPERATOR KILLED BY ELECTROCUTION

Kansas City Youth Attempts to Replace Wire of Wireless Outfit and Receives 2300 Volts From Electric Light Wire.

Kansas City, Mo., Aug. 26.—William Kenneth McMahon, 16 years old, an amateur wireless telegraph operator, climbed a telephone pole in the rear of his home here today to replace a wire of his wireless outfit that had fallen. He walked out on a telephone cable, steadying himself by an electric light wire over his head. When he touched his own apparatus a short circuit was made, sending 2,300 volts through his body and he fell to the ground. He died two hours later after the pulmotor had worked more than an hour to save him.

SPEED AND AUTO.

FEW PERSONS who have not had experience with a serious automobile accident can appreciate the increased seriousness of collisions with increase of speed. The impact of a collision increases with the square of the speed and not with direct ratio as might be on first thought supposed, according to an article in the current number of the Scientific American. An autoist who has touched the curb or scraped a fence when going ten miles an hour and escaped with little damage would be astonished, if he survives, at the havoc wrought at a speed of twenty miles an hour and he would be dumfounded could he see the effects of the same accident at a speed of thirty miles. The force with which a machine will collide with a barrier at twenty miles is four times as great as ten miles; at a rate of thirty miles it is nine times as great and at a speed of forty miles per hour the force of impact is sixteen times greater than at a speed of ten miles. Automobile drivers who realize the responsibility attended with each mile added to their rate of travel will increase their vigilance and give all the more careful attention to the guiding of a vehicle which may be changed from a vehicle of pleasure to an engine of destruction.

COUNTY BOARDS MUST LEVY TAX FOR PENSION FUND

New Illinois Statute Makes Provision for Destitute Widows and Children—Meaning of Measure Little Understood.

Springfield, Aug. 26.—Nearly every mail brings to Governor Dunne piteous appeals from mothers seeking a pension for themselves and their destitute fatherless children.

Nearly all of these writers assume that the pensions, under the new law which went into effect on July 1, this year, are paid by the state and that the governor has control over them.

Many other letters reach the governor, making inquiries as to the terms of the law.

Requires Annual Tax.

Interest in it appears to be widespread, but it will be news to practically every county court and county board to know that this law requires the levying annually of a tax of not more than three-tenths of one mill upon the \$100 of assessed value of the county. Such fund is to be known as the Mothers' Pension Fund.

The mothers' pension act, which is now in effect, is mandatory upon the county and the county or juvenile court.

The levy of the tax is mandatory. The county board has no option in the matter. The petition for a pension may be presented to the juvenile or county court and the court must take cognizance of it and decide the case upon its merits. If under the terms of the law the mother, petitioning for the pension, is worthy and eligible, the court must issue the proper order and the county board must pay the amount specified by the court.

Few Persons Are Eligible.

The new law is the result of two years of experience with a loosely drawn statute which had failed to produce good effects. The county treasury is hedged about with many safeguards and the number of those who may properly draw pensions under the definitions of the law will be comparatively small.

Those who believe they are entitled to a pension should take their case directly to the juvenile court, or, in the absence of such court, to the county court, where the proceedings will be explained.

The statute provides for open hearings in the court of petition and all steps are made a matter of record. The court is required to appoint probation officers to see that the money is properly expended and to oversee the home which the pension is designed to keep together.

Awaiting The Joyful Sound

The Wonderful Music that Bursts Forth When the Stork Arrives.

That funny, little, brassy cry that echoes the arrival of the new baby is perhaps the

most cherished remembrance of our lives. And thousands of happy mothers owe their preservation to health and strength to Mother's Friend. This is an external remedy that is applied to the abdominal muscles. It relieves all the tension, prevents tenderness and pain, enables the muscles to expand gently, and when baby comes, the muscles relax naturally, the form is preserved without laceration or other accident.

You will find Mother's Friend on sale at almost any drug store, as it is one of the standard reliable remedies that grandmothers everywhere have relied upon.

With its daily use during the period of expectation, there is no weakness, no nausea, no morning sickness, no pain, distress or strain of any kind. Its influence is truly remarkable, as it penetrates the tissues and renders them pliant and easily governed by the demands of nature. You will be surprised at its wonderful effect and what a grateful relief it affords.

Especially to young women Mother's Friend is one of the greatest of all helpful influences.

You will find this wonderful remedy on sale at the store where you trade, or they will get it for you. It is prepared by Bradford Regulator Co., 156 Lamar Building, Atlanta, Ga. Write them for a very valuable book to expectant mothers.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

WASHINGTON LEAD DEFEATS WHITE SOX

SENATORS SCORE FIVE RUNS IN FIRST AND WIN EASILY.

Boehling Pitches in Fine Form and Does Not Yield a Hit Until the Fifth When Three Runs Are Scored Off Him, Washington Winning 5 to 3.

Chicago, Aug. 26.—Washington got the jump on Chicago in the first inning today and piled up a five run lead which the locals were unable to overtake. It was the visitors' last appearance of the season here.

Boehling, who has been experiencing a losing streak since his long string of successive victories, was on the mound for the visitors and did not allow a hit until the fifth.

COMSTOCK IS GIVEN POOR SUPPORT IN FIRST GAME

Detroit's \$12,000 Beauty is Pounded For Five Runs in Second and Boston Wins Contest 7 to 6.

Detroit, Mich., Aug. 26.—Backed by miserable support and victim of one batting rally Ralph Comstock, Detroit's \$12,000 beauty, pitched a heart-breaking game against Boston today and lost. The score was 7 to 6. Detroit tied the count in the seventh and Boston batted across the winning tally in the eighth.

SOME OFF-SIDE CHUTES

Police officials at Vancouver, B. C., have crabbed Ritchie's scheduled "snap" with Ray Campbell on Labor day, by refusing a permit for the go on grounds that Welch's sparring partner is not a boxer, in the strict sense of the law, but an apprentice on punching bag for training athletes. At present the champion is attempting to arrange the original frame-up and will meet Freddie Welch Monday afternoon—if he can have his own referee, Jim Griffin, of San Francisco, in the ring. What the death of Luther McCarty failed to accomplish in the way of killing the fistie game in Canada northwest, Ritchie is certainly handing over to the peace officials in "workmanlike" manner.

The American association teams are making raids upon the clubs of the Northern league, which has just finished its season. St. Paul has grabbed three from Duluth—a pitcher, catcher and an outfield. Other clubs in the circuit are holding out several promising players for better prices.

Providence, in the International league, has sold Al. Platte, right fielder, to Detroit, and at the same stroke the Tigers recalled Eddie Onslow, first baseman, from the same club.

Josh Billings, Quincy's handy catcher, has been ordered to report to the Naps immediately.

Arthur Devlin, one-time star third sacker with the Giants, has been sent to the provinces. After being the score for the Braves in the ninth inning of the game with Pittsburgh on Monday, he was released to Rochester in the International league. When Devlin first joined New York about ten years ago he was hailed by such well known sporting writers as Macon McCormick and Tim Murnane as a second Tom Burns. Since connecting himself with Boston one year ago last spring age began to tell upon the old star. His seasational fielding has been up to his former average, but in hitting and in base running there was nothing left but a shadow of the former "great" Art.

Joe Lake, former St. Louis Brown, now with the Tigers, is slated for a berth with Canton's used-to-be boys. Waivers have been obtained, and he of the slow, tantalizing curve will soon depart from big company as part payment for Ralph Comstock.

Heinie Zimmerman, for his little burlesque with Umpires Rigler and Byron in New York on Saturday is enjoying a three days' rest under the shade of the old apple tree, President Tom Lynch forwarding the can to Brooklyn Monday just previous to the game with the Trolley Dodgers.

Ping Bodie was the "hero" in the Monday Chicago-Washington game. Two of his three swats helped his team to four of its five runs, and as a result his "mug" advanced the sporting columns of the Chicago dailies Tuesday.

"Cozy" Dolan's good work this first day with Pittsburgh failed to land the Pirates a winner, the Braves copping the verdict in a rattling ninth inning rally, 7-6. Dolan was at bat three times, gathered two hits, one run, put out two, assisted twice, had one error and burlarized one base. "Bobby" Byrnes has not yet been placed in the Quaker lineup.

While Minneapolis was idle on Monday, Milwaukee gained one game in the American association race for the pennant. This league is putting up the best finish of any team in organized baseball, and the winner is not going to be known until about time taps are sounded on the season. As they say in racing parlance, the four leaders, Milwaukee, Minneapolis, Louisville and Columbus are bunched at the stretch turn.

The marksmen at the Camp Perry, Ohio, shooting tournament are handicapped by a mirage which has been floating over the range since Saturday, unsatisfactory scores being the result.

DOING

Not Much Difference What You Do

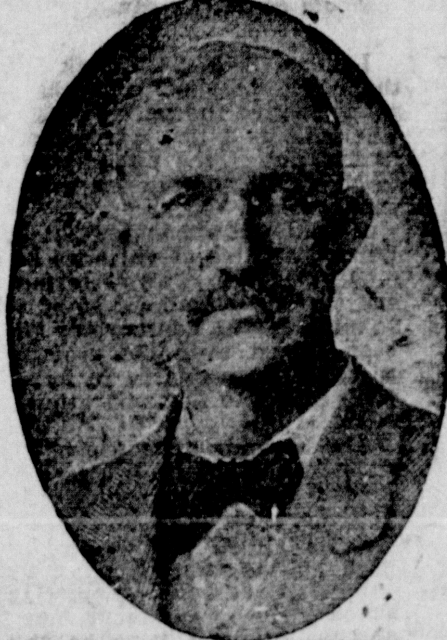

If you have your wages all spent by the time you get them—might as well be a slave and be done with it! Slaves get their board and clothes and a place to sleep—and that's about all the man has who only has his week's wages long enough to divide them between the grocer, the butcher, the rent man and the coal man.

Quit working for the grocer and the others—save 20 per cent and have more in your pocket. You can do it by paying cash, and we will let you have all the money you need to start. You can pay it back a little each week or month.

MARKET EXHIBITS

USUAL INDIFFERENCE

DROP IN NEW HAVEN AFFECTS

WHOLE LIST FOR SHORT TIME.

Early Unsettlement Centered Around
New Haven, Which Sold as Low as
93 1/2, a Drop of Over Four Cents—
Changes in Most Cases Are Incon-
sequential.

(By Associated Press)

New York, Aug. 26.—Despite a
vigorous drive which unsettled the
market for a time in the early trad-
ing today, changes in most cases
were inconsequential. There were
various developments of more or less
importance in determining values
which were reflected sharply in
movements of stocks accurately af-
fected but the market as a whole
continued to exhibit the indifference
that has characterized it recently.

The early unsettlement centered
around New Haven, which sold off
at a rate that affected the whole
list. Its low figure of the day was
93 1/2, a drop of over four cents. The
decline to a new low record was at-
tributed to estimates of earnings for
the last fiscal year which indicate
that there was a deficit of over \$4,
000,000 after payment of 7 1/2 per cent
dividends. Steel, Smelting, Lehigh
Valley, Union Pacific and a number
of other stocks sold off a point or so.

A quick turn in the course of the
market came with the announcement
that the reading of President Wil-
son's message to congress had been
postponed at the request of the Mex-
ican government. The belief that a
change for the better was implied
produced an immediate result. There
was again rally but price movements
thereafter were narrow.

Passing of the dividend on the
preferred stock of the "big four"
caused a drop of five points in the
common stock. The preferred, the
last sale of which was at 90, was of-
fered at 80. Texas company excep-
tionally strong, rising 2 points to a
high record for the year at 125.

Selling by London was a factor in
the early heaviness. Foreign selling
amounted to about 15,000 shares,
largely steel and Canadian Pacific.

INNES BAND DAY DRAWS BIG CROWD

GRAND MUSICAL FESTIVAL
CHARMS HUNDREDS.

Interest Grows Daily in Jacksonville Educational Festival—To Discuss Permanent Chautauqua Organization Tonight—Woodland Players Today.

TODAY'S PROGRAM.

9:00. Boys' and Girls' club.
10:00. Concert—Jeffries Concert band.
10:30. Physical Culture Hour For Women. "How to Carry Yourself Correctly"—Miss Margaret Hemenway.
1:30. Concert—Jeffries Concert band.
2:30. Concert—The Illinois Glee club.
4:00. Scotch Series No. 3. "Ian McLaren and the Doctor of the Old School"—Dr. Walter Aitken.
7:00. Splendid Concert—The Illinois Glee club and Swiss Bell Ringers.
8:00. Great Popular Address—Mrs. Leonora M. Lake, officer of the Catholic Total Abstinence society.

Better and better is the verdict of the people regarding the chautauqua and certainly the words are deserved. The program committee who secured the various numbers on the list from day to day are deserving of no small praise. The attendance yesterday was encouraging and while more could have been accommodated the number present was very pleasing to the management. Many suggestions regarding the future have been made and they will be carefully considered but it is certain that the chautauqua of 1913 has been a decided success.

In the morning the boys' and girls' club held the boards and were interesting as usual. They came Miss Hemenway with her lecture on how to put on or flesh as may be the desire of the individual. The lady is well versed in her subject and demonstrates her views in a telling manner. With a boy on the stage she showed how exercise should be taken and how certain muscles can be developed, fat put off or taken on according to the wish and condition of the patient. The young lady gave great satisfaction to her audience.

Of course the prime attraction of the day was the Innes' Orchestral Band of New York and all who had great expectations were not disappointed. The great tent was packed and many stood up or were unable to gain admission and went away. The work of the band was simply magnificent and showed that the management of the chautauqua meant to grant the people something strictly fine and first class each day. Mr. Innes is a truly wonderful man for Mr. Jeffries says the gentleman carries in his mind the selections his organization plays and has no notes before him, something very rarely attained. The work of the band and the singing of Miss Van Loon were grand.

The program began with an Overture, Tannhauser, Wagner, and from the stirring notes so well written by the great composer the instruments glided naturally into the melody of serenade, Love's Dream, by Moskowski and anon the more lively airs of Dance of the Flowers by Debussy. Then came something so sweet and soft that all were charmed for they listened to a flute solo, air and variations performed by E. A. Manklin, a soloist of rare merit.

Again the audience was greeted by stirring sounds from the band when they rendered Second Hungarian Rhapsody by Liszt and this was followed by Traumeri, Schumann and West Virginia state song, Innes. Then came a grand treat by the superb lady vocalist, Miss Van Loon, who favored the audience with Eternal Idol by Holmes and My Laddie, by Thayer. The young lady possesses a rare voice and uses it with intelligence and skill and won loud praise. A grand burst of melody followed in a medley of patriotic numbers, Red, White and Blue, Star Spangled Banner, America, Dixie all mingling in one grand chorus of melody that charmed all hearers. The audience was responsive and enthusiastic and meandered encore after encore. The band and its emakable manager can have no fault to find regarding their reception in Jacksonville.

Dr. Aitken.

Each day Dr. Aitken has been placed at 4 p. m. which is rather hard for the people begin to scatter at that time but the size of the audience yesterday was a great compliment to the gentleman for it was much larger than on the day before. His theme was Robert Louis Stevenson and he handled it well. Like a true son of old Scotia he could hardly let go of something that pertained to his native land and so he spoke briefly at first of Burns and recited a selection from the writings of the poet. He said some had objected to so much about Burns from moral reasons but he reminded them that Burns attended church when at home and had family prayers in his house, which was more than many of the present day have.

His discussion of the character of Stevenson and his works was excellent and a fitting compliment to the memory of one of the greatest of writers. The management made no mistake when they secured Dr. Aitken for three numbers.

Evening Program.

Again the great tent was filled to overflowing for the people of Jacksonville know a good thing when they see it and the Innes band had a fine house and as much praise as could be asked by any organization. The band numbers and the solos

were all superb and well received.

Friday Afternoon Baby Show.

Friday at 2 p. m. in the large pavilion there is to be a free baby show, to which all are cordially invited. Babies 1 year old and under are to be exhibited and there are to be ten doctors and ten nurses and the affair will be a scientific show and judging, not haphazard. Prizes are to be given and to that end the citizens of Jacksonville are requested to aid in this matter. It is understood that Mrs. Bird Strawn King has announced a prize from her stock. Any one willing to help in this matter is asked to notify Mrs. J. F. Brown at the Passavant hospital tent on the grounds near the large tent.

The following are the points on which a baby will be scored:

Age.
Weight when born.
Sleep.
Height.
Weight.
Circumference of chest.
Circumference of abdomen.
Symmetry.
Quality of skin and fat.
Quality of muscles, hand grasp, poise, etc.
Bones of skull.
Bones of spine, chest, etc.
Pupillary distance and shape of eyes.
Shape, size and poises of eyes.
Shape of lips.
Shape of forehead.
Shape and potency of nose.
Shape and condition of jaws, tonsils, etc.
Disposition.
Energy.
Facial and ocular expression.
Attention.

This will undoubtedly be a feature which will attract many.

The Poultry Exhibit.
The Morgan county poultry tent is good sized and the show promises to be something superior. Thursday. The importance of good poultry is too evident to need any comment and all should aid in making this a success and a good lot of exhibits will be on the ground.

The New Organization.

Attention is again called to the meeting this evening at 7 at the chamber of commerce tent on the grounds of the permanent organization committee. The matter of a steel auditorium will be discussed. It has been suggested that the structure be placed by the side of the lake on the north side, west boundary. In that way it will not mar the beauty of the grounds and will be accessible. It would require the chautauqua association to erect a building across the lake near the railroad bridge and construct a walk from the entrance along the west line of the park to the auditorium. A good many tents could be pitched along the edge of the lake and immediately across the same if the footbridge is in place.

It is the hope, if all goes well, that the street railway will in some manner be extended into the park and it has been suggested that at the cut south of the Vandala road an overhead crossing could be constructed and thus the track would run right by the door of the new building. This is only a suggestion.

In Honor of Dr. Lutz.

The doctors in particular and all in general are reminded of the lecture at 7:30 tomorrow evening by Dr. Frank L. Lutz of St. Louis on the cancer problem. Members of the Morgan County Medical society are requested to bring their families and well filled baskets and greet the doctor on the grounds and greet the doctor on the grounds and greet the doctor on the grounds.

Dr. Lutz will give a stereopticon address on "The Cancer Problem." He comes from the lecture bureau of the American Medical association and is chairman of the Missouri State Medical society.

Notes.
After the concert by the Innes band, Prof. Jeffries and the members of his band gave a little informal reception to the Innes organization and served light refreshments. The event was quite enjoyable.

As there is talk of a steel structure for the future chautauquas, Leader Innes asked his opinions regarding acoustical features of such a building. The gentleman responded politely and his words are given substantially as he uttered them.

In the first place let me hasten to say that what I don't know about the science of acoustics would fill a large number of books. It is something not well understood by any one. Now I am compelled to say that the grandstand in your central park has some glaring defects. A band stand out of doors should always be at one side of the space occupied by the audience. The ceiling should be of the shape of an inverted umbrella and it should have a shell-like arrangement behind or in the rear so that the sound would go out to the people in front. Often architects plan concert halls and music apartments and find they have to reconstruct them before they will answer the purpose. It is said that the defects of the hall in which Theodore Thomas gave his concerts in Chicago hastened his death.

It doesn't make so much difference about the umbrella-shaped ceiling and rear sounding board if your building is all enclosed but attention should be paid to it. Once a building was erected for the purpose of showing livestock and being converted into a hall it was found to possess fine acoustic properties. The noted tabernacle at Salt Lake City is not the wonder it is said to be. True, you can go to the gallery at one end and hear a pin drop at the altar at the other, but if you sit down in the auditorium half way down you will not hear the pin drop at all. I designed the stage and accompanying parts of the concert hall at Willow Grove park, Philadelphia, and it is said to be the finest in the world.

Too much praise cannot be given Mr. Miser, the capable superintendent of the Jacksonville Railway and Light company. Though laboring under many great difficulties he has handled the vast throngs with consummate skill and has given good satisfaction.

The hacks or carryalls run by Cherry are a great convenience and are doing a good business taking people from the entrance to the tent.

There is to be target practice on the Gun club grounds Friday after the ball game. Any one on the chautauqua grounds wishing to shoot may have the use of a gun if he will pay for ammunition and targets or he may bring his own gun and ammunition.

Rev. Hy S. Alkire of Brooklyn church has organized a boy scouts' club of something like twenty boys and has given them some good exercise hiking about the country, riding in Dr. Griswold's boat and other desirable forms of amusement and exercise.

Please do not scatter cracker jack boxes and loose papers about the park on the north side of the lake. Many do this thoughtlessly.

Mr. Shaw said he deplored the lack of flowers and wondered why the ladies had brought none and he turned to a fine bunch of golden rod which a man had donated.

It will be wise for all who have light folding chairs to bring them along.

The Passavant hospital tent has been patronized by a number of persons who have been faint or otherwise indisposed. That is what it is for and all ailing will be welcome.

The remnants of the auto were picked up and taken to Estaque garage. There is not much left of the mechanism, which will be of use. Some of the roads outlined are as follows: West through Mt. Zion neighborhood and Chapin to Meredosia and then north to the county line; from Joy Prairie station north to the county line; from Jacksonville west to Point church along Mound road; from Jacksonville along Lincoln avenue and then west past Diamond Grove cemetery and the Straw farm; north from Jacksonville three miles and then east and north to Litterberry and west and north to Arcadia; Jacksonville; Jacksonville northeast through Sinclair, Yatesville and Prentice; southeast to Pisgah; Franklin and Waverly; from Franklin to Nortonville and Murrayville; Jacksonville south to Woodson and Murrayville and then west to county line; Chapin north to Concord and then to the county line.

FARWELL & RHINES'

Gluten Flour

Permit a few words of explanation and precaution for our mutual advantage.

The pure food laws of the United States and of individual states demand that flour called "Gluten Flour" for the use of diabetics, and others, shall contain at least 5.6 per cent of nitrogen, this factor multiplied by the factor 6.25 (in use by Analysis) shows the amount of protein or gluten required, to be 35 per cent. Both the physician and his diabetic patient have a right to expect and insist that such a product be furnished. Substitution, carelessness or deception in this matter are dangerous.

Our "Gluten Flour" of superior stock, granulation and manufacture, is made especially for such cases, and contains about 40 per cent of gluten or protein. It is not excelled, if equalled in America or Europe, as diet in marked cases of diabetes mellitus, obesity, rheumatism and other ills arising from excess of uric acid.
